

Origami paper book marks

By: Leah khoorani

I am going to make origami paper book marks. It's fun to make and essay. You mostly have to cut a little and fold the paper.

Items to make it.

1.scissors

2.Paper

3. coloring supplies

You can design it in cool ways.
You can make little paper ears
put it on it, or you can draw
animals on it.

You can even Put
your favorite
clothing or shoes
brand on it. Like
dis one.

You put it on the corner of the page.
If you design it looks good. It is
nice looking pretty good size to take
somewhere for your books.

*You can make a small one and a medium one to make kid
a and a mom . Or you can make a bFF one for your friend
and yourself.*

The End
