

You Be The Teacher

By: Lianna Demirjian

Subject I want to teach

If I was a teacher I would teach art. For the most part I'm good at it. For most of the classes we could do drawing and painting on a canvas but when you are better than you can paint ceramic pieces.

Different Supplies

Some art supplies I would give you is a pencil, pens, markers and colored pencils. I will also give you different types of paper like color paper card stock and more. I will also give you canvases and sketch books. I will also give you paints, brushes, palette and a cup with water in it as well as a napkin so you can clean off your brush and dry it for the next color.

Homework

I would do after school art lessons, in school lessons, and I would also give you homework about art. On your free time you do something to do with art. There will be a wall of every ones art projects in the class.

Drawing ideas

Art is also very time consuming so I would give the class easy drawings and easy paintings. Some drawing ideas you can do are butterflies, basketballs, soccer balls, flowers, hearts, and etc.

Examples on how to get your work space ready to do art

First, you are going to put a cloth or plastic trash bag on your desk. Then, your going to get your supplies out. You can also wear gloves if you don't want to get your hands dirty (Not required). Next, you are going to go to the nearest place like a sink to get water in your cup so you can clean your brushes if you are going to paint.

The End
